

1.

You can't remember every beer you've ever tried, even if you loved most of 'em. Why would you want to rely on a 3rd party website to record your thoughts when you have them with you wherever you drink?! Need a pal to point you to the closest brewery? Beer Buddy's got you covered. Want to be able to scroll through all of the beers at a moment's notice, and compare notes with your friends? Beer Buddy's got you covered again.

2.

BEER BUDDY

3.

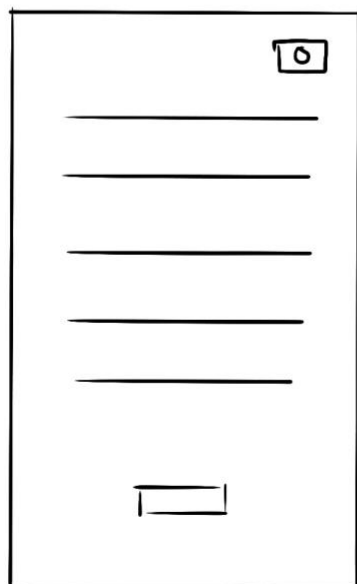

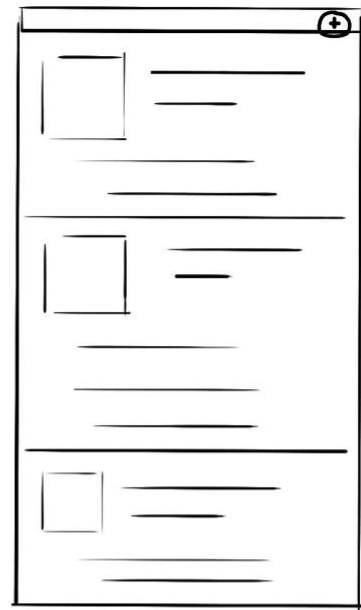

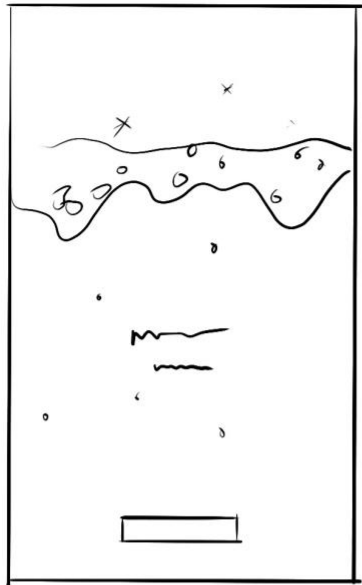

Input tasting notes on your favorite beers.

Data stored in an SQLite Database

View information in a recycler viewer

Google maps/Places to guide users to the closes brewery

4.

5.

beer, craft beer, breweries, craft, anheuser, beer reviews, rate beer, microbrew, beverage, drinking
